It all adds up - A trip to a hospital involves more than merely using the doctor’s services and hospital facilities. You are bound to run up numerous ‘non-medical’ expenses such as transportation, attendant’s cost and other daily expenses that you may not be able to even foresee. We would pay a fixed lump sum amount (as chosen by You), for each completed day (24 hours) of hospitalization, payable for a maximum of 30 days in a Policy Year, so that you can meet these expenses without a bother and as suits you best.

In case you are hospitalized in an ICU, we would pay twice the amount chosen by You.
The Payment under this Optional Cover will be in addition to any payment made under Benefit 3 (Daily Allowance).
NOTE: At one point of time, an Insured Person cannot stay both in a regular Hospital room as well as in an ICU room. Hence, only either one of the rooms would be considered for pay-out as per the Insured Person’s room occupancy in the Hospital.
